Leeds Choral Service, 2s.

The Choral Service, as used in the Parish Church of Leeds, at the Daily Prayer and Litany; consisting of the Chants, Versicles and Responses, arranged for the Priest and Choir. Compiled by James Hill, revised by Robert S. Burton, and Vincent Novello.

Preface to the Fourth Edition.

The First Edition of the Choral Service was originally published for the purpose of being used at the Consecration of the Parish Church of Leeds, where it has since been continued without intermission. It has also been introduced into the Churches of many other Parishes.

The demand for this work has already caused the sale of three Editions; and in preparing a Fourth Edition for the press, the work has been carefully revised, and several musical errors, especially in the Litany, which were in the second and third Editions, have been properly corrected.

Dedicated by permission to the Hon. and Right Rev. Charles Lord Bishop of Kildare.

Finlayson, Rev. John. The General Confession, Responses, and Litany. To which is added, a collection of Chants, as sung in the Cathedrals of Christ Church and St. Patrick's; and in the Chapel of Trinity College, Dublin. Price 12s.

The Music-book of Beauty, for the
Queen's Boudoir, 1849. Edited by CHARLES JEFFERYS. This splendid Annual contains a larger number of Illuminated Drawings, by JOHN BRANDARD, than any former volume of the work. Its musical contents occupy 121 pages of New Songs, Duets, Quadrilles, Waltzes, Polkas, and other attractive compositions by the most popular authors and composers, thus entitling this exquisite volume to the name universally applied to it by all competent judges, *viz.* that of "Queen of the Annuals." Carriage free, 18s. London: C. JEFFERYS, 21, Soho-square.

Handel's Songs and Duets. Mr. Call-
cott's Edition. Transposed into lower and the most useful keys.

"The plan of this publication is new and very judicious. Mr Callcott is doing good service to music by accommodating Handel's Songs to the modern concert pitch, and placing them within the compass of the generality of voices. Mr. Callcott's ability and experience are so well known, that it is almost unnecessary to add that they are skilfully and judiciously arranged. The publication is exceedingly valuable, and will extend the use of Handel's vocal music."—*Vide Morning Chronicle.*
